FOUR-POWER MILITARY TALKS MAY TAKE PLACE IN LONDON

TURKISH MISSION WILL CONSULT WITH BRITISH

France Sends Gamelin; Voroshiloff May Join

LONDON, June 2 (Transocean)—Great importance is attached in political and military quarters here to the forthcoming visit of a Turkish military mission headed by the Inspector General of the Turkish Army, General Kalazim Orbay. General Orbay is expected to arrive in London at the end of the week, accompanied by three officers of the Turkish General Staff.

British military, naval and air attaches in Ankara have been summoned to London so that they may take part in the conversations which the Turkish military mission will have with the British military authorities. These conversations will deal with two questions, strategic measures for the co-ordination of defence in the Near East and the question of war materials to be supplied to Turkey by Britain.

The conversations which General Orbay will have in London will be merely of a preparatory character. More comprehensive agreements between the two countries will be concluded at Ankara as soon as the Anglo-Turkish Pact comes into force.

PARIS, June 2 (Transocean)—The "Paris Midi" reports that the Chief of the General Staff of the French Army, General Gamelin, will take part in the conversations which the Turkish military mission will have with British military authorities in London early next week. The chief question that will be discussed will be defence of the Dardanelles, says the paper, which adds that next week's British, Turkish and French Staff consultations will be followed by Anglo-French-Polish General Staff consultations in September.

SOVIET MAY TAKE PART
If negotiations now in progress between Britain, France and Soviet Union are successfully concluded by that time, the Chief of the Soviet General Staff Marshal Voroshiloff, will likewise take part in these conversations.

TURKISH PRESIDENT MAY TAKE TRIP
LONDON, June 2 (Transocean)—The forthcoming visit to England of the Turkish President, M. Ismet Inönü, is reported by the "Daily Express" to-day.

It is declared that the Turkish Ambassador in London, Dr. Rushdu Aras, is conducting conferences at the present time with British Foreign Office officials to arrange details of the visit.

Transocean reports that Gen. Quelpo De Llano, Commander-in-Chief of the Spanish Southern Army, arrived in Stuttgart on Thursday by special plane from Seville. He will attend the parade of the Condor Legion in Berlin on Sunday.

POPE PIUS' APPEAL ANSWERED

ROME, June 2 (Reuter)—In the first public reference to his recent peace move, Pope Pius XII revealed to-day that it met with the sympathy of the governments, to which the appeal was addressed and resulted in his receiving "assurances of goodwill and the resolve to maintain peace."

The Pope was addressing the College of Cardinals. He said:—
"At a moment which appeared particularly grave in the lives of people—towards the beginning of last month—we thought it timely, after mature deliberation, to make known to some statesmen of great European nations the anxiety which the situation was causing us, and our fear lest international dissension became aggravated to the point of degenerating into a bloody conflict."

"This step met in general with the sympathy of the governments, and this left open to us a way to make further manifestations of our earnest solicitude."

NEW WESTERN MARKET TO BE BUILT

The Hongkong Government has definitely decided to rebuild the Western Market. It was reliably learned yesterday.

A new building will be erected at a cost of slightly less than \$100,000. The new structure will be two storeys in height and will be designed on up-to-date principles.

During the period of construction, the north section of the market will be shifted to the south section at first, and later the south section will be transferred to the north.

PRINCE PAUL IN BERLIN

Big Reception Arranged

BERLIN, June 2 (Reuter)—A big reception was arranged for Prince Paul, Regent of Yugoslavia, who accompanied by Princess Olga and the Foreign Minister, M. Mirovich, arrived to-day on an eight-day visit to the German capital.

They drove to-day through beflagged streets lined with cheering crowds, and were later received by Herr Hitler at the new Chancellery.

To-night Herr Hitler is giving a banquet to the visitors, and tomorrow there will be a big military parade in their honour.

Four British Policemen Killed Near Jerusalem By Large Gang Of Arabs

JERUSALEM, June 2 (Reuter)—An entire railway patrol, consisting of four British policemen and three Jewish supernumeraries, were killed by an Arab gang 35 miles northwest of Jerusalem to-day.

The men were in a trolley on the main railway line when an overwhelming number of Arabs attacked them. Five Arabs were killed and two wounded.

A bomb explosion at Jaffa Gate in Jerusalem and three other bomb outrages to-day caused a large number of telephone wires to be put out of action.

The Bulgarian Premier and Foreign Minister, M. Kiossevanoff, is expected to visit Berlin in the middle of June, states Transocean.

VESUVIUS WAKES FROM SLUMBER

NAPLES, June 2 (Reuter)—Vesuvius is erupting, and last night the sky was aglow with burning lava from the crater. No immediate danger is anticipated, however, from the volcano.

LORD HALIFAX MAY VISIT MOSCOW: LONDON NEWSPAPER FORECAST

LONDON, June 2 (Transocean)—The possibility of a visit of the Foreign Secretary, Lord Halifax, to Moscow is forecast to-day by the "Daily Express," which says that Lord Halifax or the Under-Secretary of State, Mr. R. A. Butler, accompanied by a staff of experts, may be sent to Moscow for consultations regarding points of difference.

Diplomatic circles entertain no doubt of the final outcome of the negotiations.

TALKS IN MOSCOW

MOSCOW, June 2 (Reuter)—Sir William Seeds, the British Ambassador in Moscow, had half an hour's talk with M. Potemkin, which, it is believed, were connected with the Anglo-French proposals.

U.S. AMBASSADOR

MR. NELSON T. JOHNSON

U.S. Envoy In Colony

LOCAL RESIDENTS RECEIVED

America's Sympathy With China

H.E. Mr. Nelson T. Johnson, United States Ambassador to China, arrived here from Washington, D.C. via Shanghai, yesterday in the Empress of Canada, en route to Chungking.

Mr. Johnson, who has recently been in America conferring with the State Department on Far Eastern questions, travelled home via Europe and he was the first foreigner to motor across the newly-built Burma-Kunming highway.

His Excellency is accompanied by Major J. M. McHugh, U.S. Assistant Military Attache in China, who is acting as the Ambassador's assistant.

Mr. Johnson yesterday afternoon received the directors of the Sino-American Cultural Association and had an informal chat with them. This took place in the American Consulate-General.

U.S. SYMPATHY

In the course of a chat with the "Hongkong Daily Press," Mr. Johnson spoke of the keen interest and the deep sympathy shown by the American people towards China in her struggle for national independence. He was happy to say that the traditional relations between China and the United States were closer than they ever were.

Mr. Johnson will leave this afternoon in the s.s. Yusang for Haiphong, whence he will travel by train to Kunming. From there he will again go across country by motor car, which will be driven by Major McHugh. His object in travelling by motor car is to meet the Chinese people and to learn more about them and their ways. He asserted that he had been in China for well over twenty years and he felt that he still had much to learn.

CALL ON THE GOVERNOR

The Ambassador came ashore yesterday morning from the Empress of Canada in the private

JAPAN SAID ENTERING AXIS PACT

SHANGHAI, June 2 (Int'l)—That Japan has agreed to enter into a military alliance with Germany and Italy was reported here to-day.

The terms are adequate supply of arms by the Axis powers to Japan in return for the supply of 2,000,000 Chinese in Manchuria to be trained as soldiers in Germany and Italy.

The arms from the two European powers are to enable Japan to continue the war in China.

While this report cannot be confirmed, Chinese press dispatches state that several high German staff officers recently passed through here en route to Japan to induce the Japanese Government to join the Axis military combine.

CHAMBERLAIN'S MESSAGE TO MUSSOLINI

ROME, June 2 (T/Ocean)—A personal message from the British Prime Minister, Mr. Neville Chamberlain, to Signor Mussolini, was conveyed by the British Ambassador, Sir Percy Lorraine, on Thursday evening during a visit to the Foreign Minister, Count Ciano, it is stated in British circles here.

The message is said to have contained assurances that the foreign policy of Britain is aimed solely at maintaining peace in Europe.

NEW MAURETANIA ON TRIALS

LONDON, June 2 (BWS)—The new 34,000-ton Cunard-White Star liner, Mauretania, underwent speed tests in the Firth of Clyde yesterday.

After cruising off the Irish coast for adjustment of compasses and other tests, she is due back in Mersey on Saturday to prepare for her maiden voyage to New York on June 17.

New Chinese Government Agency Established In London To Spurt Trade

LONDON, June 2 (Reuter)—A new agency has been created in London entitled, "The Chinese Government Trading Commission," with offices in Gracechurch Street.

The Commission is composed of the Chinese Ambassador, Dr. Quo Tai-chi, chairman, Mr. D. G. M. Bernard former taipan of Messrs. Jardine, Matheson & Company, vice-chairman, Mr. Arthur Guinness, Mr. C. C. Wang, director of the Chinese Government Purchasing Commission, Mr. T. Y. Lee, co-manager of the Bank of China, Dr. P. W. Kuo, representing the Chinese Minister of Finance, Dr. H. H. Kung, who is also a director.

CLEARING HOUSE

Dr. Kuo told Reuter that the Commission's object is to promote commercial and economic relations between China and Britain, and to arrange for the sale of Chinese produce in Britain and elsewhere, as well as to advise upon orders for British machinery and other goods required by China.

"The Commission will be a sort of clearing house for Chinese purchases in Britain."

"We are hopeful that the Commission will prove to be a valuable instrument. China more and more requires British co-operation in her work of reconstruction," said Dr. Kuo.

REASSURING STATEMENT SAYS ALL ABOARD ALIVE

Thetis Expected To Be Completely Salvaged

LONDON, June 2 (British Wireless)—The acute anxiety experienced throughout the night concerning the new British submarine, Thetis, which after diving during trials off Birkenhead was reported missing with about 78 men on board, was relieved early this morning when it was announced that the Thetis had been located.

The latest Admiralty announcement gives her position as 14 miles off Great Ormes Head and adds, "Her bow is in 130 feet of water and her stern is on the surface."

Captain H. P. K. Oram, Lieut. F. G. Woods, Leading Stoker W. C. Arnold and Mr. F. Shaw, of Cammell Lairds, the builders of the vessel, have escaped by the Davis escape apparatus.

An official of the Liverpool and London Salvage Association stated later that four other men had also been rescued.

Capt. Oram escaped to direct salvage operations and make a full report on the state of the submarine. The commanding officer, Lt. Comdr. G. H. Bolus, and all the remainder of the crew were alive at 10 a.m. and salvage equipment is being rushed to the spot.

It was just before midnight that the first official statement on the disappearance of the Thetis was made. It recorded that the Thetis, which was carrying out acceptance trials in Liverpool Bay, dived at 1.40 a.m. and failed to rise to the surface at the time intended, which was three hours after diving.

53 ON BOARD
The Thetis was built by Cammell Laird, Limited, and was manned by a naval crew of five officers and 48 ratings. There were also four other naval officers on board and certain of the builders' technicians.

The announcement added that H.M.S. Brazen was in the position in which the submarine was last reported.

It was further stated that air patrols, organized by the Royal Air Force, were carried out before

FORMER HONGKONG OFFICERS ON BOARD

Three of the officers on board the lost submarine Thetis were formerly stationed in Hongkong. They are: Lt. Comdr. G. H. BOLUS, formerly of H.M.S. Regent, who was in command of the Thetis.

Lieut. W. A. W. Poland, who is believed to be a son of Capt. Allan Poland, Captain of the Fourth Submarine Flotilla in China Station.

COMM. ENGINEER ROY D. GLEN, formerly of H.M.S. Medway.

According to the Navy List, Lieut. H. Chapman, and Lieut. F. G. Woods were also on board the Thetis.

dark and would resume operations at daylight, that the Sixth Destroyer Flotilla, the First Minesweeper Flotilla, the submarines Cachalot and Porpoise, and H.M.S. Belfast were at full speed to render all assistance possible, and Captain MacIntyre, Chief of Staff to the Rear Admiral of submarines, had proceeded in H.M.S. Winchester to take charge of operations.

MORE HOPEFUL
More hopeful reports became current in the early hours of the morning, but it was not until 8 a.m. that official confirmation was forthcoming that the Thetis had been located.

This was followed by a guarded statement that there was nothing to indicate that the men in submarine were other than safe. This announcement was apparently based on reports by Capt. Oram and Lt. Woods after they had

\$186,000 FOR BUILDING ON KELLETT ISLAND

The erection of a new clubhouse for the Royal Hongkong Yacht Club on Kellett Island at an approximate cost of \$186,000 was given unanimous sanction by members at an extraordinary meeting held at North Point yesterday.

Mr. E. Cock, Commodore of the Club, presided, supported by Messrs. N. V. A. Croucher and D. F. Landale, vice-commodore and rear-commodore respectively, and Mr. P. C. M. Sedgwick, Hon. secretary.

Mr. Cock revealed that contract for the commencement of work on the project had been signed with Messrs. Hung Yue & Co., completion to be in seven months' time.

The commodore said:—The Hon. secretary has read the notice calling this Extraordinary General Meeting and I will therefore proceed at once to outline the present situation.

"In September last a Sub-Committee presided over by the Rear-Commodore went into the matter of the possibility of financing the Kellett Island project and to summarise the results of these deliberations it was reported that with the membership we have it would be possible to borrow up to \$150,000, run the Club on a just paying basis by increasing the monthly subscription to \$5, at the same time paying the loan interest at 5 per cent. and repaying the loan in 30 years. This report was adopted by the General Committee.

In return for this we shall have what I think can be described as

HENLEY REGATTA: REICH WITHDRAWS

BERLIN, June 2 (Reuter).—In view of the political relations between Britain and Germany, the Reich Rowing Union has decided not to enter for the Henley Centenary Regatta, though it was previously intended to enter for every event.

The decision affects Josef Hasenauer, the 1937 Diamond Scull winner.

GOOD WEEK-END MATCHES: KEEN FINISHES EXPECTED

(By "R.O.Y.")

Three baseball matches are down for decision this week-end, and some excellent struggles should be seen, as all squads have been squeezing plenty of practice sessions in between the heavy showers of the past twenty days.

At 2.15 p.m. this afternoon, the Hongkong Baseballers clash with the Union Brewers, present leaders of the league. Chet Bennett's gang will start their strongest line-up in an endeavour to allow the first stringers to run up a comfortable lead so that the reserves can be given some playing experience in an official game.

"Dutch" Lingenbrink will make his first local appearance for the Beer Barons at third; he will incidentally be the third custodian of the Hot Corner; the Brewers have tried out this season.

Drastic changes will be effected in the Baseballers' starting line-up with the inclusion of Honorata Paulino and Billy Clague. The former will probably be seen at third, with Sam Izatt transferred to the keystone sack, while Clague will patrol one of the outer gardens.

Ernie Heather, after a bout of malaria, will be back at the first station, releasing "Doc" Molten for service in the outfield.

To-morrow's Games

The opener of to-morrow's dou-

ble header commences at 10 a.m. and will see the Chinese Baseballers opposed to their compatriots, the South China A.A. The latter squad will sorely miss the

Challenge Bowl For Kho Sin-kie

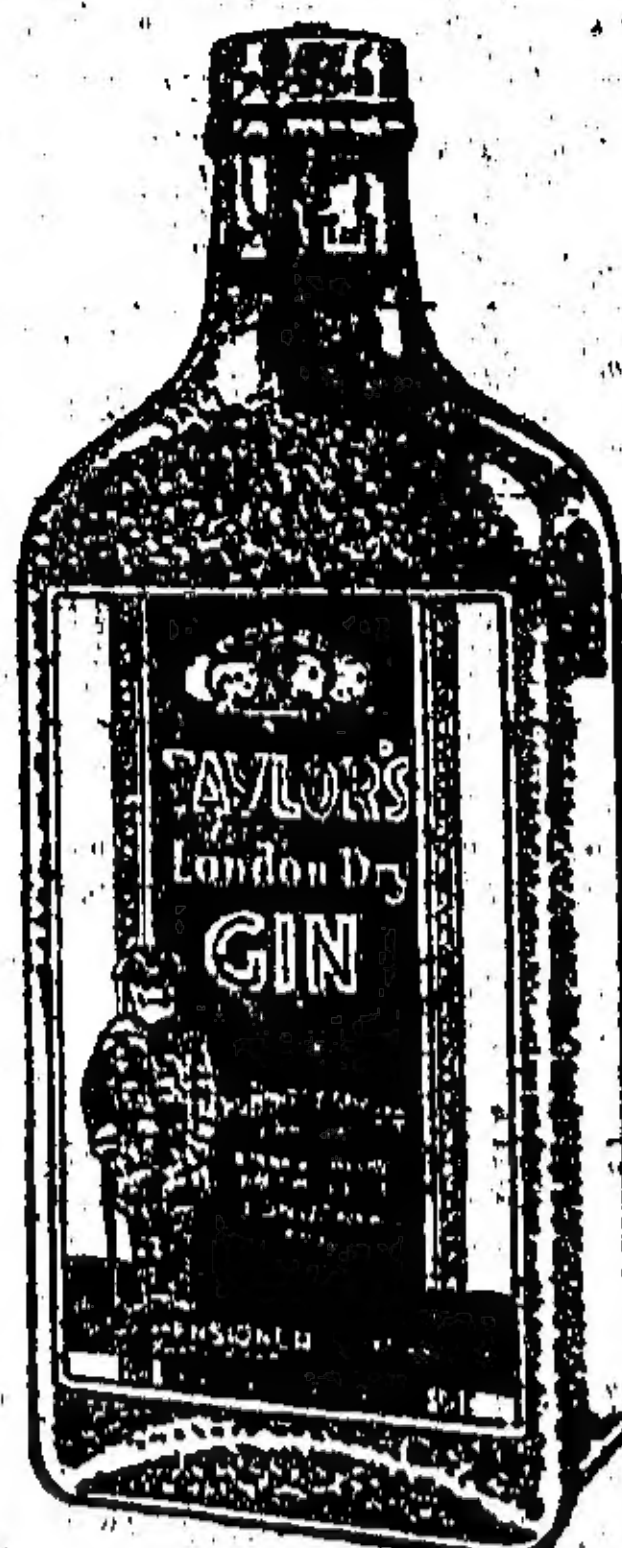

BIRMINGHAM, June 2 (Reuter).—The Chinese Davis Cup tennis player, Kho Sin-kie, won the Priory Tournament, beating Tanasescu, of Rumania, 1-6, 7-5, 6-2, in the final.

The Challenge Bowl will become his own property because he has won it for three successive years. In the Men's Doubles Final, Coombe and Maltroy, of New Zealand, beat Kho Sin-kie and R. Ritchie, 6-0, retired.

Kho Sin-kie strained his back while playing his singles and was unable to compete in the final of the Mixed Doubles.

"KIDNAPPED" AT MAJESTIC

From the world's great stories come the greatest motion pictures and "Kidnapped," which Robert Louis Stevenson considered his best, proves this axiom to the hilt to-morrow at the Majestic Theatre, where the film will be screened.

With the typical lavish hand that car-marks all the 20th Century-Fox productions which come under the watchful eye of Darryl F. Zanuck, "Kidnapped" brings an array of fine motion picture thrills to the screen in a romantic adventure story.

Warner Baxter portrays in all his swashbuckling, vigorous best, the never-to-be-forgotten Alan Breck, fugitive clansman of the highlands.

And Freddie Bartholomew, a size or two larger than when he last appeared so brilliantly on the screen, gives a fine performance to the role of David Balfour, the boy hero of the piece.

GEORGE BERNARD SHAW

Roger Converse's work in a short subject won him an important assignment in "The Shining Hour," Frank Borzage, director of the new picture, was looking at a group of short subjects in a projection room at Metro-Goldwyn-Mayer. He was so impressed by the work of Converse that he selected the young actor for the role.

PASCAL AND "G.B.S."

When Gabriel Pascal, producer of George Bernard Shaw's "Pygmalion," interviewed Shaw, he did not mention the object of his visit, merely discussed films in general. Then they discussed "Pygmalion" and Shaw cocked a critical ear while he listened to Pascal's ideas.

A grin flitted across Pascal's face when Shaw said he could have the film rights on two conditions: That the film be produced in England and that the cast would be British.

When Pascal said that he intended this anyway and that he had hoped to star Leslie Howard in the part of Professor Higgins, the speech expert, Shaw became enthusiastic.

Pascal not only signed Leslie Howard, but also secured William P. Lipscomb, one of Hollywood's most successful screenwriters to write the script, with Cecil Lewis, Wendy Hillier is co-starred with Howard.

CANDID CAMERA CLIPS

"Golden Boy" was found and Frank Capra started "Mr. Smith Goes to Washington," to give Hollywood its most important news-blue-eyed, brown-haired, 21 year-old William Holden of Pasadena was the "youth who ended Columbia's year-long quest for Clifford Odets' violinist-prizefighter hero.

"Golden Boy" enters production shortly with Holden, Barbara Stanwyck, Adolphe Menjou and Sam Levene among players chosen to date.

Rouben Mamoulian will direct.

"Mr. Smith Goes to Washington," after months of intensive preparation and the building of 43 elaborate sets, starts, of all places, in a tiny phone booth.

Claude Rains plays the first scene, and Jean Arthur and James Stewart are co-starred in the brilliant romantic comedy. Howard Hawks completed "Only Angels Have Wings" just in time; he had been using the "Capra crew," the same cameramen, electricians, grips, etc., who have aided the prize-winning director on all his recent successes, and the group, to a man, was assigned to "Mr. Smith Goes to Washington."

Alexander Hall is organizing a coyote hunt. Hall, currently directing Joan Blondell and Melvyn Douglas in "Good Girls Go to Paris Too," has 16,000 turkeys on his Santa Susanna ranch, and coyotes lately have been making nightly raids on the flock.

Wesley Ruggles trained out for New York. He will take a vacation in Europe before starting "Arizona," the Clarence Budington Kelland novel starring Jean Arthur.

Fenny Singleton's many friends will be glad to know that she is better. The popular star of Columbia's "Blonde" series was removed to a Santa Monica hospital recently, suffering from bronchial pneumonia.

In H. M. Supreme Court in Shanghai on May 29, before Judge Sir Allan Mossop, a decree nisi was granted to Mrs. Barbara McCann, who petitioned for the dissolution of her marriage to Mr. Edward Guy Fuller McCann. Mr. J. R. Jones appeared for the petitioner.

BRITISH NAVAL ARMAMENT

Order For 75 New Ships Sanctioned

LONDON, June 1 (T/Ocean)—The extent of British naval armament is revealed in a survey published by the "Daily Telegraph" this morning in which it is pointed out that during the past two years orders have been given to the Clyde shipyards for 75 ships, having a total value of £52,000,000.

At the present time nine battleships are under construction, five in the 35,000-ton class and four of 40,000 tons. The construction of further battleships is planned in fulfillment of the British promise to Australia to place a battleship fleet in the Pacific.

The work on the five battleship of the King George class is to be accelerated because these are regarded as necessary for maintenance of the naval balance of power in view of the extensive construction programmes of Germany, Italy and Japan.

The Admiralty yesterday placed orders for the construction of the first two battleships of 40,000 tons. The two ships, according to the "Daily Telegraph" this morning, are to be named H.M.S. Lion and H.M.S. Temeraire.

EAGLE WITH WOODEN LEG

MILAN, May 10 — An eagle captured in the Alps, which was put into a cage at Aosta railway station, had a leg broken during its capture, and this apparently caused the bird much suffering. The local veterinary surgeon, moved to pity, amputated the broken leg and substituted a skillfully made wooden one.

The newspapers say that the royal bird bore the operation well, and is now quite happy, jumping about on its artificial leg, and showing its gratitude to the surgeon. It gets into a rage only when it sees the newsboy running about on the platform and crying the news, which shows how intelligent is the bird of Zeus.

FATAL ACCIDENT
IN KING'S RD.Central Court
Inquest

The death of a 20-year-old Chinese girl, Lai Chi-wan, following an accident in King's Road, near the Tsang Fook Piano Company's works, about 8.40 p.m. on May 8, when she was knocked down by a private car driven by Mr. A. B. Meyer, was the subject of an inquest at Central Court yesterday. Mr. R. A. D. Forrest sat as Coroner.

Dr. Alvarez of the Queen Mary Hospital said deceased received multiple injuries, her jaw also being fractured. Death was due to shock and haemorrhage due to the injuries.

Sgt. Evans also testified, stating that he tried to procure witnesses who witnessed the accident but was unable to find any.

Mr. Meyer stated that he was driving from west to east along King's Road on the evening in question when he saw deceased about 40 yards ahead after he had passed a stationary bus at a compulsory stop. The girl was crossing the road, and she was well clear when he heard sounds of motor horns from behind.

TURNED AND RAN

The girl went back two or three steps and this gave him the impression that she also heard the sounds of the horns. He drew to the right and judged that he would pass her by at least two yards when the girl suddenly turned and ran.

Witness said he swerved to the right to avoid a collision, but before the car could be brought to rest the girl was hit by the left side of the car. Witness stopped the car at the side of the road, and alighted. An English-speaking Chinese assisted him to summon the police and an ambulance.

Later, Sub-Inspector F. J. Clarke, continued witness, accompanied him to the scene in the same car, the brakes of which were tested and found to be in excellent condition. The rear mudguard was found to be slightly dented.

Sub-Inspector Clarke, in evidence, said the road was very wide, was the best on the island and was well illuminated.

The brother of the girl was present in court.

A verdict of death by misadventure was recorded.

GENEROUS GIFT
TO UNIVERSITY

At the University Congregation held on May 30, His Excellency the Chancellor thanked Mr. S. T. Williamson for his generosity in providing a sum of \$2,000 to serve as an endowment for the annual award of a prize to the best engineering graduate of the year.

The University authorities are in the happy position of being able to announce that Mr. Williamson has since indicated his intention of increasing his gift from \$2,000 to no less a sum than \$10,000.

In thanking Mr. Williamson for his munificence, the Chancellor has assured him that his generosity and public spirit are most highly appreciated by all who have the University's welfare at heart.

DEAF SCHOOL
SALE OF WORK

A sale of work will be held on Wednesday next from 3.30 to 6.30 p.m. at the School for the Deaf at 57 Kai Yan Road, Kowloon City. Mrs. A. E. Grasett, wife of H.E. the General Officer Commanding H.M. Forces in China, will open the function. At 4.30 p.m. the deaf pupils will give an exhibition of lip reading.

PASSES AWAYMrs. Mok Shau-Tsang
Dies Suddenly

The funeral will take place this afternoon at three o'clock at the Chinese Christian Cemetery at Pokfulam, of Mrs. Mok, wife of the Rt. Rev. Mok Shau-tsang, Bishop of Canton and Assistant Bishop of Victoria. Bishop Hall will conduct the service.

Mrs. Mok passed away at her home on Thursday following a heart attack.

By special request of Bishop Mok, money intended for the purchase of wreaths should be given to the fund for the education of the children of clergy. Donations should be sent to the Diocesan Treasurer at Bishop's House and marked accordingly.

NAVY AND ARMY
MEN CHARGEDAlleged Fracas
In Restaurant

The alleged refusal of a foki to provide further drinks after 2 o'clock in the morning, at the Ying King Restaurant, on June 1, led to a sequel before Mr. R. A. D. Forrest, at the Central Court yesterday, when nine Naval and Military men were charged with causing damage to two glass doors and windows, stools, desk and several other articles, to the total value of \$38.00.

They were: Frank Standish, H.M.S. Dorsetshire; Thomas Stewart, H.M.S. Duncan; Leslie Norman Wright, stoker, H.M.S. Duncan; Albert Hawkes 21; David Charles Sullivan, H.M.S. Duncan; Percival Herbert MC. Call, H.M.S. Duncan; Percy Morrissey, stoker, William Cruickshank, 2nd Bn. Royal Scots; and John Stevenson, 2nd Battalion, Royal Scots.

The last two defendants were additionally charged with conspiracy with others to prepare a witness, Lo Kwai-ying, dancing girl.

The second, third, fourth, fifth and sixth defendants were represented by Mr. F. X. Remedios, whilst Inspector A. V. Baker, assisted by Det. Sergt. T. Cashman prosecuted.

Hearing was fixed on the afternoons of June 5 and 7.

Last two defendants were remanded in Naval custody, bail being allowed in the sum of \$100 each.

THE WEATHER
IN MAY

From May 1 to 19 the weather was changeable, with frequent sunny spells and occasional rain; there was heavy rainfall on May 11. Temperature was normal during this period. Heavy rainfall, associated with thunderstorms, occurred on May 20, 21 and 22. The following two days were fine and very warm.

Temperature fell rapidly on May 25, owing to a renewed onset of the N.E. Monsoon, and the remainder of the month was cloudy, rainy and very cool. Strong winds were experienced from May 27 to 31 owing to the presence of a slow-moving depression over the northern part of the China Sea.

The mean temperature for the month was 75.9 deg. F, which is 1 deg. below normal. A maximum of 89.0 deg. was recorded on May 24, and a minimum of 67.5 deg. on May 4. The mean relative humidity was 85 per cent., which is normal.

The total sunshine was 131 hours, against a normal of 157 hours. Rainfall amounted to 20.98

NO INTERFERENCE
WITH S.S. HAITAN

"Most of the ship's cargo was discharged, and there was really no untoward action on the part of any Japanese naval vessel," the "Hongkong Daily Press" was told yesterday when inquiries were made at the Douglas Shipping Co. respecting reports that the S.S. Haitan was interfered with in Foochow while discharging cargo at the Fukien port on May 26. "It is true," the "Daily Press" was told, "that some congestion in unloading operations has resulted in Foochow owing to the fact that there have been as many as 16 vessels in port at one time. There are not sufficient lighters to cope with the work, and the problem is further aggravated when lighters do not come down for fear of armed Japanese trawlers operating at the mouth of the river."

MUNICIPAL NOTIFICATION
No. 15/39.

VACANCIES FOR DEPUTY MUNICIPAL ENGINEER & ASSISTANT ENGINEER.

The British Municipal Council, Tientsin, is prepared to receive applications for appointments to the positions of Deputy Municipal Engineer and Assistant Engineer in the Public Works Department.

Candidates must be British Subjects between 25 and 35 years of age, who hold degrees in Civil Engineering from recognised Universities, and who have had several years experience in Municipal Engineering work.

Preference will be given to those having had experience in highway construction, drainage work and building construction.

The successful candidate for the position of Deputy Municipal Engineer will receive an initial salary of from \$1,050 per month to \$1,500 per month according to qualifications, experience and ability. In addition he will receive a temporary allowance, to meet present increased cost of living, equal to 20% (twenty per cent) of his net salary. This allowance may be stopped or altered by the Council at any time, the employee being informed of that effect.

The successful candidate for the position of Assistant Engineer will receive an initial salary of from \$600 to \$1,050 per month according to qualifications, experience and ability. In addition he will receive a temporary allowance, to meet present increased cost of living, equal to 20% (twenty per cent) of his net salary. This allowance may be stopped or altered by the Council at any time, the employee being informed of that effect.

Salaries of Candidates will commence from the date upon which they take up their duties in Tientsin and they will be upon probation for a period of six months from that date.

The Candidates will receive half salary only for the period spent in travelling to Tientsin, and payment of this will be calculated from the date of their embarkation. The Council will pay for their passage (first class) to Tientsin, and in case a Candidate is not offered a contract at the end of his period of probation, a return passage, of similar class, will be given him.

Applications containing reference, credentials, copies of Diplomas and "curriculum vitae" of each Candidate should be addressed to "The Secretary and Engineer, British Municipal Council, Tientsin" and should be forwarded so as to reach him not later than Tuesday, 11th July, 1939.

HONGKONG, JUNE 3, 1939

THE UNIVERSITY OF HONGKONG

THE GROWING NEEDS of the Hongkong University were emphasized on Tuesday evening by H.E. the Governor, Sir Geoffrey Northcote, who is also Chancellor, at the 32nd Congregation, at the opening of a Teachers College in September next and building schemes which the authorities have in hand.

IT IS MOST gratifying to learn of the great strides forward which have been made by the University and, more so, of the steps which are being taken to provide the student not only with theoretical but also with practical training which is very essential if he is to be properly equipped for his future career following graduation. Many varsity graduates find themselves handicapped after leaving their alma mater by a lack of "practical" experience and this forces them either to become discouraged and to abandon the plans which they have drawn up or to seek other careers and start afresh so to say, at the bottom of the ladder.

THE IMPORTANCE and the usefulness of the University cannot be too greatly emphasized, strong criticisms on the part of certain people notwithstanding. This usefulness is devoted not only to the Colony of Hongkong but to the Chinese people, to students from interior China as well as to those from Malaya and the Netherlands East Indies. Insofar as the usefulness of the University is concerned, a glance at the Quinquennial Report on the Work of the University and the Report of the Committee on the Development of the University are of outstanding interest. Among other things, the latter make a proposal for the establishment of scholarships intended to benefit mainly students from inland China and to open the doors of Hongkong University to such students.

DURING the last 25 years, educational conditions in China have developed out of all recognition. Whereas in 1912, there were few universities, in 1937 there were no fewer than 47 universities and 35 efficient and well-equipped colleges providing higher education on both eastern and western lines and the cost of university education to students in China was but a fraction of the cost of providing similar training here. Following the outbreak of the Sino-Japanese war, however, the scene has changed. The education system of China has been disrupted and the Hongkong University has had to answer a call not only to enrol more students from China than it could comfortably accommodate but also to accommodate more than 500 students from Lingnam University, Canton, who are given facilities for making full use of the University premises for varsity work under their own lecturers after usual hours.

THE OPPORTUNITY of Hongkong University to render essential service to China is at hand but it is hampered by lack of buildings and concomitant amenities and by lack of funds to supply them. In normal circumstances, the need for further financial support would stand out for attention. Under existing conditions, the need becomes imperative.

IF HONGKONG University is to maintain its position and

Chinese Theatre Group Successfully Stages "Dream Of The Red Chamber"

A house as crowded and as enthusiastically appreciative as that which tendered deserved applause on Thursday night to the artists of "Sable Clouds," last night paid equally hearty tribute to those responsible for making "Dream of the Red Chamber" the success it undoubtedly was.

These two famous historical Chinese plays are being staged at the Tai Ping Theatre by the Hongkong Chinese Little Theatre Group, under the auspices of the Hongkong Chinese Women's Soldiers' Relief Association, and the excellent cause of the charity to which the funds thus obtained will be devoted is another recommendation for continued support for the duration of the plays' run, tonight and to-morrow night.

In one particular the rendering of the two plays differs. Whereas in "Sable Clouds" one actor stood out as magnificent amongst a comparatively small cast all of whom were good, last night every member of the much larger cast contributed a performance that can be described without exaggeration as excellent.

SYNOPSIS OF ACTION:
"Dream of the Red Chamber" is a famous Chinese romantic tale. It tells of the love between Gar Po Yuk and Lin Dai Yu.

The latter, a fine, sensitive girl, is a very good match for the rich handsome boy, but their love affair does not end in happy union because of the interference of his grandmother, the matriarch, and because of an environment which leads him to a life of dissipation.

PERFECT SETTINGS

Some of the settings for the scenes of this play were so perfect and the portrayal of each actor or actress of his or her part was so true to life that an acknowledged well-known in Shanghai and Canton was heard to say it was one of the best efforts of its kind he had ever seen.—Y. E. A.

LEAGUE TENNIS RESULTS

Results in the two Mixed Doubles League Tennis matches played at Kowloon yesterday were overwhelmingly one-sided. The United Services Recreation Club defeated the Hongkong Cricket Club by eight sets to one, while Kowloon Cricket Club "A" defeated Kowloon Cricket Club "B" by nine sets to none.

The results follow:—
At the U.S.R.C., U.S.R.C. 8, H.K. C.C. 1.

W. A. H. Duff and Miss M. Griffiths (U.S.R.C.) beat T. A. Pearce and Miss D. Dodwell 8-1
beat W. Sander and Miss J. Armstrong 8-2
beat H. J. Armstrong and Mrs. E. J. R. Mitchell 8-1
Comdr. and Mrs. Clifford (U.S.R.C.) beat Pearce and Miss Dodwell 6-0
beat Sander and Miss Armstrong 6-1
beat Armstrong and Mrs. Mitchell 6-2
L. Goldman and Miss A. Taylor (U.S.R.C.) beat Pearce and Miss Dodwell 6-3
lost to Sander and Miss Armstrong 3-6
beat Armstrong and Mrs. Mitchell 6-1
The K.C.C. "A" beat the K.C.C. "B" by 9 sets to nil.

E. C. Fincher and Mrs. O. Burnett (K.C.C. "A") beat S. A. Gray and Mrs. Smye 6-3
beat D. J. N. Anderson and Miss Bradbury 6-4
beat A. V. White and Mrs. Knight 6-2
A. E. P. Guest and Mrs. Clark (K.C.C. "A") beat Gray and Mrs. Smye 6-1
beat Anderson and Miss Bradbury 6-2
beat White and Mrs. Knight 6-3
G. C. Burnett and Mrs. Sweeney (K.C.C. "A") beat Gray and Mrs. Smye 6-1
beat Anderson and Miss Bradbury 6-2
beat White and Mrs. Knight 6-3

fulfil the purpose for which it was founded, it must move with the times and with world progress. It cannot stand still: it must go forward or it will inevitably go back. Further development is essential and this postulates more funds. In spite of the grant received from the remitted portion of the Boxer Indemnity fund and the Government subvention, it has been very difficult to do much more than maintain what it has. Unless further financial help is forthcoming, the future is considered discouraging. Let us hope that such aid will be forthcoming and that the University will be enabled to carry on with a new spirit and renewed zeal.

LAWN BOWLS MATCHES

Yesterday's Open Pairs Results

After continual delay on account of rain, the Lawn Bowls Championships at last got under way yesterday when open pairs matches were played.

G. C. Moss and W. Hollands beat C. Vas and C. M. S. Alves by 20 shots to 14 at the Craigengower Cricket Club.

At the K.C.C., J. C. Remedios and C. C. Pereira beat C. Moss and W. H. B. Muskett 20-14.

At the Kowloon Football Club A. S. Russell and H. G. Cooper beat H. Blacknell and H. Morgan 20-14.

At the K.C.C. on Thursday, A. Calman and J. C. Brown beat J. Forrest and J. Oren 18-15.

£500-A-SIDE GOLF TOURNEY: LOCKE'S SUCCESS

LONDON, June 2 (Reuter)—In the third round of the British Open £500-A-Side Golf Tournament, Arthur Locke, the South African player, beat Reginald Whitcombe 6 up and 5.

Locke was generally steadier all round, while Whitcombe continued to run into trouble with his driving, though his putting improved.

Play Televised

LONDON, June 2 (BWS)—A full and interesting development in the televising of outdoor events was successfully demonstrated yesterday when viewers saw part of play in the challenge golf match between the Open Champion, R. A. Whitcombe, and the champion of South Africa, A. D. Locke, in which the latter beat Whitcombe by six up and five.

The cameras recorded drives from two tees, approaches and putting at one hole and play through another.

Three cameras were used, two being mobile, so that the players could be closely followed.

BOOK REVIEW

ORIENTAL ASSEMBLY, by T. E. Lawrence ("Lawrence of Arabia") which was published in May, contains a Diary of a Journey across the "Euphrates" which Lawrence made on foot in 1911; the full text of the suppressed introductory Chapter to "Seven Pillars of Wisdom"; and other hitherto uncollected writings by Lawrence about the East. Also over 100 photographs taken by Lawrence during the Revolt in the Desert of events and places later to be described by him in "Seven Pillars of Wisdom." The book is edited by the author's brother, Mr. A. W. Lawrence, and was published by Williams and Norgate, London.

LAND SALE

There was only one applicant for the sale of Crown land at Tsunwan, held at District Office South yesterday. This was Wu Chin-tak, to whom the lot went at the upset price of \$300.

Hello & Goodbye

(BY A. W. HYER)

TRAVELLING ACTIVITY has been plentiful during the mid-week, but the visitors going in and out of our city have been few.

The U.S. Ambassador to China, Mr. H. E. Nelson T. Johnson, arrived on the "Empress of Canada" yesterday morning; to-day he continues to Chungking via Haiphong.

The "Conte Verde" stopped over

night in Hongkong and the five hundred Jewish refugees travelling from Europe to Shanghai swarmed about our city.

And more than that—Well! the weatherman seems to think a small member of the typhoon family will be coming in our direction from Manila. However, conditions are not so forlorn; that circus we spoke about is still on its way to Hongkong and is due about the end of the month.

Pan American Airways

THIS AIRLINE does "have it" troubles, and mainly with the weather. The China Clipper, under the command of Capt. J. A. Tilton, arrived on Thursday afternoon. Due to depart on Friday morning, the flying-boat was delayed owing to adverse weather between here and Manila. Now, the Pan American Airways' transport should be leaving for the U.S. this morning!

Mr. J. Rogers, P.A.A.'s San Francisco Traffic-Agent Manager, holds a ticket through to "Treasure Island" and Mr. J. Leslie, P.A.A.'s engineer, is also returning to the city by the "Golden Gate."

The two "globe-trotters" Mr. H. F. McLean and his secretary, Miss Inez Atkinson, are flying to San Francisco. From there they will return home to Canada, with memories of their jaunt round the world in two months!

Miss A. Saltzman is another "Cross the Pacific" traveller. This will be the first extended air journey for the lady, who is a trained nurse by profession.

Mr. Antonino Wilson, popular Manila resident who has been visiting in our city during the past ten days, Clippers back home and to his job as "Boss of the Plaza."

Returning from a vacation spent in Japan, Shanghai and Hongkong, Mr. Flo Duran, partner in the law firm of Duran and Lim, and an assistant professor at the University of the Philippines, winds up his trip with a comfortable and quick "clipper-ride" home.

s.s. Conte Verde

THE ITALIAN STEAMER arrived in our port on Thursday at 10.30 p.m. from Europe and southern ports. There were few empty berths, due to the 500 and more reservations of the refugees travelling from Europe to Shanghai.

Mr. F. Tollens, connected with Reuter Brockelmann and Co., travelled from Trieste. And Mr. W. Gibbins and Mr. E. Jones were passengers from Singapore.

Shanghai Bound

ON FRIDAY at 11 a.m., the big white steamer "Conte Verde" was heading down the stream for Shanghai.

Mr. and Mrs. P. S. Wong were given a "populated send-off." The travellers are connected with Mulford and Co., in Shanghai, and have been on a business and pleasure visit in the Colony.

A charming visitor to our shores, Mrs. C. H. Sprague, belonging to the Standard Vacuum Oil Co.'s feminine set, returned home to the gay northern city.

A last minute booking was made for Miss D. Ellis. They just had to find a berth for the Hongkong resident, who was in a great hurry to reach Shanghai on business.

Mr. J. G. S. Horn, in business under his own name and Mr. K. F. Chang, of the Kailan Mining Administration, both Shanghai residents, hurried home after conferences here.

DR. C. T. WANG TO REPRESENT CHINA ON OLYMPIC COMMITTEE: KEEN INTEREST IN ATHLETICS

LONDON, June 2 (Reuter)—Dr. C. T. Wang arrived in Croydon by air from China yesterday. He has come to represent China at the Olympic Games Committee, which is opening on June 6.

Interviewed by Reuter, Dr. Wang said: "The promotion of athletics is now my chief interest. Athletics have done wonders for the young generation in China and I hope the time will come when athletics and playing fields will be as important in China as in England."

Asked whether he had retired altogether from diplomatic life, Dr. Wang replied cheerfully: "I hope so."

Dr. Wang expects to stay ten days in England and then return to China, though he may possibly visit America.

JAPAN DESIRES EARLY PEACE

DIVERGENCE OF VIEWS
AMONG LEADERS

CHUNGKING, June 1 (Int'l)—Everybody knows that the Japanese will not abandon their aggressive policy towards China unless there is an internal revolution or they are beaten by the Chinese. The numerous incidents at Shanghai and Kiangsu clearly show that Japan will closely adhere to her policy of aggression.

This is the statement of Gen. Chow En-lai, Vice-Director of the Political Department of the Military Affairs Commission.

Commenting on the Japanese announcement that they would fight a 100 years' war with China, Gen. Chow observed that it was merely bluff and expressed the opinion that Japan still desires to conclude the war at the earliest possible moment.

There is a divergence of views among Japanese leaders regarding their latest strategy, according to Gen. Chow. In the first place, there is the only remaining Elder Statesman, Prince Saloni, who considers it advisable to stop advancing immediately and consolidate the gains already made. His view is supported by captains of Japanese light industries.

Next comes the Japanese Young Officers' Clique and munitions interests who are in favour of continuation of the Japanese advance to attack Lanczhou, Chungking and the southwest.

Third school, including Prince Konoe and the present premier, Hiranuma, somewhat strikes at a golden mean expressing the opinion that attacks may be renewed only at opportune moments.

Not Successful

To show how the Japanese strategy has been applied, Gen. Chow pointed out that, since the Chinese withdrawal from the Wuhan area, they have been using more than 85 per cent of their armed forces in China in mopping up operations which, in his opinion, are by no means successful. In the Wutai, Chungtaoshan and Fenglingtu areas in Shanxi, along the Chengetai Railway, and in central Hupeh the invaders have all failed in dislodging the Chinese positions. They have met with similar failures on the Shantung Peninsula, near Souchow, Hanchow, Nanking and Wuhu and in Kwangtung.

Not only have the Chinese remained where they are, they have also received reinforcements which crossed the Japanese lines to reach their destinations, divulged Gen. Chow.

Contrasted to their policy during the first phase of the war, marked by extensive destruction of Chinese property and an airtight blockade, according to Gen. Chow, the Japanese seem to have adopted a new one during the second phase. In cooperation with a

few traitors, they have made a serious attempt at construction in the occupied areas.

They have reopened the factories in Shanghai, purchased Chinese materials, such as coal, rice, tea, silk etc. and attempted to open up the Chinese market for Japanese goods, mostly using forged trade-marks. They have placed puppet notes issued by Japanese-sponsored banks in circulation and tried to develop communications in the occupied areas.

Economic Development
Such economic development plans, according to Gen. Chow, were all adopted by the Asia Development Board directly under the Japanese premier. However, such plans are doomed to failure, Gen. Chow opined.

For instance, Japan needs 10,000,000 tons of coal from abroad annually and she is able to obtain only 1,000,000 tons from North China now, mostly from the Kailan Mining Administration, on cash basis. As to cotton exports from North China for the Japanese textile industry, he revealed, they have not reached any appreciable figures.

Referring to guerilla warfare, Gen. Chow stated that it is not confined to operations conducted by a few guerilla units.

Guerilla warfare in the second phase of the war, in the opinion of Gen. Chow, should mean an all-front campaign in the true sense of the term. It has two important missions, he added, to establish strong bases behind the Japanese lines and to exhaust the enemy.

The importance of establishing such bases behind the Japanese lines was stressed by Gen. Chow. If one base ties up 50,000 Japanese troops, as the Chinese bases at Wutaihan and Chungtaoshan do, and if Chinese guerillas have established 20 such bases behind Japanese lines, General Chow calculated, all the Japanese in China would be kept busy and unable to launch fresh attacks.

escaped and were taken on board H.M.S. Brazen.

The Thetis is one of four general service submarines of the 1938 programme. She was launched in June last year.

LATEST INFORMATION

Latest information regarding the Thetis indicates that all units of the sixth Destroyer Flotilla are now standing by in readiness to assist in the rescue work.

The Admiralty states that oxyacetylene apparatus will probably be used later to cut a hole in the stern of the submarine to release the imprisoned men.

The Liverpool Underwriters' Association states that four tugs are proceeding from Liverpool to assist in the salvage work. Three of the tugs are towing "camels" for helping the vessel to float, and another tug is taking stores and food. The Liverpool and London Salvage Association's salvage steamer, Ranger, has also proceeded to the scene with oxygen appliances.

COST £350,000

The Thetis was commissioned at Portland on March 4 and has a service complement of 53 officers and men. She is 235 feet in length, has a tonnage of between 1,000 and 1,500, carries one four-inch gun and six torpedo-tubes and has a speed of over 15 knots. She cost £350,000.

Every submarine in the British Navy, since the Poseidon disaster in Chinese waters, has been fitted with two specially constructed escape hatches, by which, in an emergency, the crew may escape through air locks.

Sufficient sets of Davis submerged escape apparatus for supplying oxygen are provided in every submarine for every member of the crew and every sub-

marine is also fitted with two special indicator buoys, which can be released from inside and come to the surface to show its position to surface craft.

NO FURTHER RESCUES

LONDON, June 2 (Reuter)—Up to 2.15 G.M.T. the Admiralty had no information of further rescues from the Thetis beyond the four who escaped earlier.

Divers are on the scene and communication with the submarine is being maintained by tapping.

Tugs are proceeding from Birkenhead with air compressors for the purpose of extracting foul air from the submarine and pumping in fresh air.

PLAGUE EPIDEMIC
TAKES HEAVY TOLL
OF JAPANESE

WUCHOW, June 2 (Int'l)—A plague epidemic in Fatahan and Hsinhsu, on the West River, about 20 miles west of Canton, which has been prevalent for the past three weeks, has claimed a heavy toll on the lives of Japanese soldiers, who are already suffering from the damp weather of South China.

While the Japanese try to keep secret the number of deaths, it is reported that over two hundred Japanese died of this scourge. Chinese residents accustomed to local conditions offer a better resistance to this epidemic which strikes once every four years.

The disappearance of scavengers is largely attributed to this epidemic.

THREE-HOUR
TALK IN
SHANGHAIBRITISH & JAPANESE
NAVY CHIEFS MEET

SHANGHAI, June 2 (Reuter)—A three-hour meeting between the British and Japanese Commanders-in-Chief, Admiral Sir Percy Noble and Admiral Oikawa, took place this morning on the Japanese flagship Idzumo.

It is understood that all the British and Japanese naval issues were discussed, including the Rannura, Sagres, Kiangsu and the Yangtze and Pearl Rivers.

No details have yet been made available.

NO DECISION

SHANGHAI, June 2 (Reuter)—It is authoritatively stated that a frank discussion of outstanding issues took place at the meeting but no decisions were taken. The situation may therefore be said to remain in effect as before.

COLONEL SPEAR'S
DETENTION

SHANGHAI, June 2 (Reuter)—It is learned that Mr. L. Lamb, Chinese Secretary of the British Embassy, and Major De Lama, Brigade Major at Tientsin, left Peking yesterday for Kalgan in connection with the detention of Col. C. R. Spear.

Hitherto nothing has been heard from Col. Spear or from Lieut. Cooper, British language officer, who was sent to Kalgan to investigate the case immediately it became known.

LING YING SCHOOL
ANNIVERSARY

The first anniversary of the establishment of the Ling Ying Middle School in Hongkong was celebrated last night when a musical programme was given in the school premises in the Lee Gardens.

At 9 a.m. to-day there will be a morning service and an exhibition of the students' work.

At 2 p.m., a sports meeting will be held, while at 7 p.m. the teachers and students will enact a play entitled "New Life Among Ling Ying Students."

In his report, Mr. Hung Kow-wan, principal of the School, states that there are at present nearly 1,000 students at the School, and the work in general is making steady progress.

Caught In
Snowstorm

LONDON, June 2 (British Wire)—The King and Queen, who spent the night at Jasper Park Lodge, were caught in a snowstorm during the afternoon while climbing Mount Edith Cavell, close to the glacier at an altitude of 7,000 feet, state reports from Canada.

After their short rest amidst the unrivalled scenery of Jasper National Park, Their Majesties will resume their eastward journey to-day.

Queen Mary
The progress of Her Majesty, Queen Mary, continues quite satisfactory.

KULING HERO
IN KIAN

KIAN, KIANGSI, June 2 (Central)—Col. Yang Yu-chun, leader of the defenders of Kuling who successfully broke through a tightening Japanese cordon to safety on the night of April 16, has arrived in Kian.

Colonel Yang will shortly leave for the front again.

CHINA WAR NEWS:

JAPANESE RETREAT TURNS
INTO ROUT: BIG VICTORY
FOR CHINESE IN N. HUPEH

CHUNGKING, June 2 (REUTER)—THE JAPANESE RETREAT IN THE RECENT NORTH HUPEH BATTLE HAS AMOUNTED TO PRACTICALLY A ROUT, ACCORDING TO WELL-INFORMED CHINESE QUARTERS.

It is claimed that the Japanese suffered heavy losses and abandoned a large quantity of arms and ammunition and field guns and it is stated that, for the first time in twenty-three months of fighting, the Japanese left behind their dead and wounded.

When the situation was most critical for the Chinese, Gen. Chang Tze-chung, the former mayor of Tientsin, personally led the remnants in a bayonet charge on the Japanese lines.

Generalissimo Chiang Kai-shek, by long-distance telephone, personally commended Gen. Chang Tze-chung for his bravery.

EARLY SUCCESSES

A message from Shanghai states that the Chinese claim early successes in their new general offensive in Hupeh. They say that the Japanese are retreating towards Yingchen and Kiangshan after abandoning large quantities of heavy arms.

GARDNER'S NEW
RECORDSBritish Motorists'
Successes

LEIPZIG, June 2 (Reuter)—Major A. T. G. Gardner, the British racing motorist, repeated his feat of two days ago when he broke the class "G" records for the mile, the kilometre and the five kilometres from a flying start, by breaking the records over the same distances in class "F" to-day.

Capt. Gardner drove the same machine, a 1,100 c.c. M. G. Magnette, now rebored, and the new records are:—

Mile—203.8 m.p.h. (Previous record, 164 m.p.h.)
Kilometre—204.2 m.p.h. (Previous record, 148.2 m.p.h.)
Five Kilometres—200.8 (Previous record, 139.5 m.p.h.)

UNRESTJAPANESE - MONGOL
CLASH

TOKYO, June 2 (Reuter)—Japanese planes were again in action on the Outer Mongol frontier, according to press despatches.

Japanese bombers claim to have silenced the Outer Mongol forces south of the River Khailha, which is described as marking the frontier.

The despatch adds that Outer Mongol planes are apparently massing at Tamsk, south of the River Khailha.

OPIUM CENTENARY
CELEBRATIONS
TO-DAY

CHUNGKING, June 2 (Central)—The centenary of the destruction of large quantities of opium at Bocca Tigris by Viceroy Lin in 1839, which heralded the first serious effort by China to stamp out the drug scourge, will be celebrated throughout China, under the leadership of Chungking.

A series of broadcast speeches in the evening will feature the celebrations. Generalissimo Chiang will issue a statement.

In the morning, the Opium Suppression Commission and the Chungking City Government will hold memorial meetings.

CATHOLIC NEWS & NOTES

TRINITY SUNDAY—“BOYS TOWN” AND FATHER FLANAGAN—THE CITY OF BRNO—THE OATH OF HIPPOCRATES

The Feast of the Most Holy Trinity, which is celebrated tomorrow, is a feast that for many centuries it was not thought necessary to observe, since the Blessed Trinity is honoured in every prayer and in every ceremony of the Church.

The feast was actually instituted in the fourteenth century. The doctrine of the Blessed Trinity—of a God Who exists in three Persons—is a central belief of the Christian religion and has, since the earliest days of the Church, been a distinguishing mark of Christian teaching.

Many symbols of the Trinity are found in early church decoration—such as the triangle, with its three points and often with an eye in the centre to indicate the all-pervading knowledge of the Deity, and the grouping of three circles to form a shamrock design.

When St. Patrick used the shamrock to explain the mystery of the Blessed Trinity to the people of Ireland he used a figure which was already familiar to many religious artists. Mention of the Holy Trinity occurs in practically all the chief Catholic prayers, especially in the prayer that accompanies the Sign of the Cross, and in the “Glory be to the Father.”

“BOYS TOWN”

The film “Boys Town,” which is being shown for the first time in Hongkong to-day, is an unusual picture. It tells the story of a home for boys that developed into a town. It is a gripping picture but it is not less remarkable than the truth. The founder was Fr. Flanagan (played in the picture by Spencer Tracy) who started the undertaking in 1917 as a home for homeless and abandoned boys of all colours, nationalities and creeds. Four years ago it was transferred to its present site ten miles from Omaha, Nebraska, U.S.A. It consists of a group of eleven buildings standing in the midst of over three hundred acres of farm land.

Fr. Flanagan, to whose personality the phenomenal success of the whole undertaking is due, is now Monsignor Edward Flanagan, and in 1930 the American Legion of Omaha chose him as the “outstanding citizen of that city” for his services to youth. He is splendidly portrayed in the picture by Spencer Tracy, who lived in “Boys Town” before making the picture in order to catch the right atmosphere.

He was awarded the Motion Picture Academy award of 1938 for his performance. He presented the trophy to the real Fr. Flanagan. Mr. Tracy, who is a Catholic, received another award for his film work last year, for the Ancient Order of Hibernians in Los Angeles presented him with the award given to the outstanding actor of Irish descent during the year.

THE OATH OF HIPPOCRATES

The efforts to get approval for “Mercy Killing” by which doctors would be permitted to cause the death of their patients in certain circumstances, has led to a good deal of discussion about the ideals of the medical profession. The Oath of Hippocrates, the Father of Medicine, who lived and practised in Athens about 400 B.C. has expressed these ideals for twenty centuries and has inspired the lives of countless physicians. This is the oath:

“I swear by Apollo, Physician, by Aesclepius, by Health, by Panacea, and by all the gods and goddesses, making them my witnesses, that I will carry out, according to my ability and judgment, this oath and this indenture. I will use treatment to help the sick according to my ability and judgment, but never with a view to injury and wrongdoing. I will keep pure and holy both my life and my art. Into whatsoever house I enter, I will enter to help the sick and I will abstain from all intentional wrongdoing and harm, especially from abusing the bodies of man or woman, bond or free.

“And whatsoever I shall see or hear in the course of my profession, as well as outside my profession, in my intercourse with men, if it be what should not be published abroad I will never divulge, holding such things to be holy secrets. Now if I carry out this oath, and break it not may I gain for ever reputation among all men for my life and my art; but if I transgress it and forswear myself, may the opposite befall me.”

THE CITY OF BRNO

The city of Brno, the capital of Moravia, was not known to many

people a year ago, but it has become familiar since Czechoslovakia came into prominence in Europe. It was for centuries known as Brunn, and under that name figures in the histories of many wars. In the course of its troubled history it has seen the soldiers of Bohemia, Prussia and Sweden, and of other countries, fighting on its streets.

It is the head of a diocese which embraces Austria, the scene of Napoleon's great victory in 1805, where an army of 70,000 Frenchmen defied an opposing army of 95,000, made up of Russians and Austrians. The Emperors of the three contending countries were on the field.

Christianity penetrated into Moravia as early as the fourth century, but the invasions of the Huns and Avars destroyed those beginnings. It was nearly four centuries later before it got a permanent footing. The Northern Slavs penetrated the region, and their leader, Rastislav, asked for Christian missionaries from the Greek Emperor Michael III.

The Emperor sent the two remarkable brothers Cyril and Methodius, now venerated as saints and as the Apostles of the Slavs. They were natives of Thessalonica but Slav speaking. The elder, Cyril, had been educated at the Imperial Court in Constantinople with the young Emperor. As well as converting the Slavs, with his brother, he influenced their culture. He invented a special alphabet which passed into general use and he is regarded as the founder of Slav literature.

LESSON SERMON

FIRST CHURCH OF CHRIST, SCIENTIST, HONG KONG.

SUBJECT—GOD THE ONLY CAUSE AND CREATOR.

The subject of the Lesson Sermon in all Christian Science Churches to-morrow, June 4 will be “God the only cause and Creator.”

The Golden Text will be:—“The Lord reigneth, he is clothed with majesty; the Lord is clothed with strength, wherewith he hath girded himself; the world also is established, that it cannot be moved.” (Psalms 93: 1).

Among others the following citations will be read from the Bible:—“Thus saith God the Lord, he that created the heavens, and stretched them out; he that spread forth the earth, and that which cometh out of it; he that giveth breath unto the people upon it, and spirit to them that walk therein: I am the Lord: that is my name; and my glory will I not give to another, neither my praise to graven images. Thou, even thou, art Lord alone; thou hast made heaven, the heaven of heavens, with all their host, the earth, and all things that are therein, the seas, and all that is therein, and thou preservest them all; and the host of heaven worshippeth thee.” (Isa. 42: 5, 8; Neh. 9: 6).

The following citations will also be read from the Christian Science text-book, “Science and Health with key to the Scriptures” by Mary Baker Eddy:—“The Scriptures imply that God is All-in-all. From this it follows that nothing possesses reality nor existence except the divine Mind and His ideas. Everything in God's universe expresses Him. God is individual, incorporeal. He is divine Principle. Love, the universal cause, the only creator and there is no other self-existence. He is all-inclusive, and is reflected by all that is real and eternal and by nothing else. He fills all space, and it is impossible to conceive of such omnipresence and individuality except as infinite Spirit or Mind. There is but one creator and one creation. This creation consists of the unfolding of spiritual ideas and their identities, which are embraced in the infinite Mind and forever reflected.” (Pages 531; 502).

Peak Trams Had Good Year: Dividend Approved

A dividend of six per cent on all shares was approved by shareholders at the annual general meeting of the Peak Tramways Co., Ltd. held in the Hongkong Hotel yesterday, when the Chairman, Mr. J. D. Humphreys, reported a good year's working.

Mr. Humphreys was supported by the following directors, Sir Robert Ho Tung, Mr. J. Scott Harston, Mr. H. V. Williams, Mr. D. L. Newbigin and Mr. J. L. Quic (Secretary). Others present were Messrs. S. T. Williamson, P. C. Potts, J. E. Jupp and W. C. Lee.

The chairman said: "The profit for the year, at \$40,046.37, is the best since 1934, and shows an increase of \$9,519.80 over last year, which, I think, can be considered satisfactory, and which justifies the increase of one per cent in dividend as recommended by your Directors."

"As a matter of statistical interest to shareholders, I would like to mention that 22,038 more passengers were carried up and down in the Trams than in the previous year, making a total of 1,054,735 transients."

"Traffic Receipts and Rents show an increase of \$3,806.27 and \$2,345.18 respectively, and had it not been for the inclement weather experienced during March and April, a larger increase would have been recorded under the former account."

"With the ever increasing use of motor cars, we are more and more dependent upon casual traffic and tourists, in which sources of revenue the weather plays a prominent part."

CHEAP RETURN TICKETS
"As an extra inducement to this type of traffic the cheap Return Tickets issued on Sundays have now been extended to include Saturdays and Public Holidays."

"A further encouragement, no doubt, would be a small cafe at the Peak, where refreshments could be obtained, and our delectable scenery viewed at leisure."

"Since the closing of the Peak Hotel visitors have not been catered for in this respect."

"It is interesting to recall that some two years ago, we submitted plans to Government for a small cafe to be built above our present workshop."

"Although the plans were approved, Government refused to renew the Crown Lease of the site which, at that time, had only eleven years to run. In view of Government's attitude we were reluctantly compelled to drop the scheme."

"An early and satisfactory settlement by Government regarding expiring Crown Leases would appear eminently desirable."

OVERDRAFT DOWN
"From the Balance Sheet, you will note that the overdraft with our Bankers has been reduced by \$34,003.25. Permanent Way, should the proposed allocation of profits meet with your approval, will

H. K. STOCK EXCHANGE

The turnover for the short week, whilst not of great dimensions, is indicative that a demand exists practically over the whole range of the market.

During the past holders have had a number of unpleasant shocks to contend with, but they maintained an almost stoic indifference to the future. Now that, conditions, for the time being, are a little more settled, holders' tenacity is due for reward. It is common knowledge local companies, utilities in particular, are still doing well and with the approach of the half year and thereafter the possibilities of interim dividends being declared, a stimulated demand would almost surely be followed by an all round uplift in price levels.

AGRICULTURAL PROGRESS IN NORTH-WEST CHINA

CHUNGKING, JUNE 1 (CENTRAL)—AN AGRICULTURAL PRODUCTION MOVEMENT HAS BEEN LAUNCHED IN THE SHENSI-KANSU-NINGHAI BORDER REGION, TO CHINA'S NORTH-WEST.

This movement, which plans to add 100,000 acres of land to the cultivated area in the border region and to increase the agricultural yield by 20 per cent within the fiscal year, was started under the auspices and direction of the Central Government. Its headquarters are in Shensi Province.

Never had Yenan, the capital of the Shensi-Kansu-Ninghsia Border Region, and the seat of the Anti-Japanese University, been so bristling with activity, as it has since the beginning of the movement. At sunrise, thousands of people climb the mountains in small groups to break open, with newly-wrought implements, barren soil that will yield food of all kinds.

The 20,000 students of the Anti-Japanese University in Shensi are not being outdone by the civilians. These students, who receive from the Government seven cents worth of food per person per day, will soon be self-supporting.

Co-operative Scheme
They have promised to provide the Government with 33,300—shih (one shih equivalent to 160 catties, approximately) of grain.

Each student cultivates from a sixth to a half of an acre in addition to pursuing his studies at the University.

The movement is being carried out according to a detailed scheme of co-operation and division of labour by all organisations found in the region. Each organisation is responsible for the supply of certain amounts of grain and other materials at the end of the fiscal year for the Government's use in the prolonged war.

TECHNICAL PERSONNEL REGISTRATION

CHUNGKING, June 1 (Central)—In anticipation of a greater demand for technical personnel due to the intensification of the national production programme, 752 technically trained Chinese have registered with the Education-Reconstruction Co-operative Committee.

The qualifications of these technically trained men have been made known to different organisations in need of specially trained persons. Some of them have already been given work.

BANK OF FRANCE GOLD RESERVES

PARIS, June 1 (Reuter)—The return of the Bank of France for the week ended May 17, show gold reserves totalling \$2,206,000,000 Francs, of gold content of 27.5 milligrammes, indicating no change as compared with the preceding week.

The total note circulation is given as 121,391,000,000 Francs, showing a decrease of 741,000,000 Francs, as compared with the week ended May 17.

FOREIGN EXCHANGE SITUATION

NEW YORK, June 2 (Reuter)—The feature of the foreign exchanges yesterday was the sharp drop in the guilder, due to the threatened crises in the Dutch Cabinet, while sterling was not adversely affected by M. Molotov's speech and the optimistic Paris press view resulted in a general improvement.

U.S. ARMAMENTS FOR CHINA

No Shipments To Japan In April

SHANGHAI, June 2 (Int'l)—Licenses for the export of American armaments to China as well as actual shipments during the month of April totalled U.S. \$381,174, of which more than U.S. \$350,000 was for aircraft, the Munitions Control Board of the State Department announced recently, according to a Washington report.

No arms were licensed or shipped to Japan during that period.

The Dutch East Indies, Great Britain and France continued to be the best purchasers of American manufactured aircraft, although figures show a remarkable slump in license applications for April compared to the previous months. The total licenses for arms during the month was U.S. \$3,929,805 while actual shipments amounted to U.S. \$6,712,008.

Licenses for the shipment of arms to China, totalled U.S. \$183,699, including U.S. \$173,646 for non-military aircraft, U.S. \$8,735 for ammunition, and U.S. \$1,150 for machine guns and automatic rifles and pistols. Shipments actually made during April amounted to U.S. \$177,475, of which U.S. \$177,200 was for non-military aircraft, U.S. \$19,000 for propellers and other plane parts, and U.S. \$1,150 for rifles and pistols.

ECONOMIC PROBLEMS IN U.S.A.

WASHINGTON, June 2 (Reuter)—President Roosevelt tonight is meeting a dozen big businessmen at the White House for a discussion on economic problems.

The meeting will be held despite the President's being in bed during the day with sinus cold and slight fever, which has resulted in his cancelling all previous engagements for the whole day.

BRITISH INDUSTRY FREE FROM DISPUTES

LONDON, June 2 (BWS)—Commenting on the singular freedom of industry in 1938 from labour disputes, the annual report of the Ministry of Labour says: "This freedom and reluctance of employers and work-people to pursue their claims to an extreme point may not unfairly be attributed to a strong desire on the part of all engaged in industry to avoid undue interference with production and to do nothing which might serve to weaken the country's influence at time of international tension."

LOU NOVA
WINS ON
T.K.O.BAER BEATEN
IN FIERCE BOUT

Referee Intervenes
In 11th Round

NEW YORK, June 2 (Reuter)—Lou Nova beat Max Baer on a technical knock-out in the eleventh round of their fifteen-round bout here yesterday, the referee stopping the fight.

Max Baer weighed 15 st. 4 lb. and Lou Nova 14 st. 6 lb. There was an overcast sky, but the weather was cool. A crowd of 25,000 watched the fight, among those present being Jack Dempsey, Tony Galento and Joe Louis.

Nova was a 10 to 11 favourite before the start of the fight. Two-Handed Attack

Nova, with a two-handed attack won the first round, in which the referee warned Baer for a foul blow. Nova however, appeared to be unhurt.

The fighting was very fierce in the second round, when Baer, looking savage, told Nova to keep up his punches. This was Baer's round.

After a quiet third, Baer claimed a foul in the fourth, but they boxed on after shaking hands, Baer winning the round on the foul.

Terrific Pace

Both appeared to be tiring in the fifth round, which was fought at a terrific pace. Blood was coming from Baer's mouth at every blow, but he won this round and also the sixth, with left and right hooks to the ribs and head.

Nova was showing signs of distress, but he improved in the seventh round and landed several right crosses. Nova kept up the attack in the eighth round in which blood was pouring from Baer's mouth, while his left eye was rapidly closing.

Nova On Top

Nova was now on top and boxing beautifully, landed five punches to Baer's one.

Baer's mouth was troublesome in the tenth and he was spitting blood. He had little defence against Nova's bombardment.

At the start of the eleventh, the referee asked Baer if he was able to carry on, but after 1 min. 21 sec., he stopped the fight, Baer appearing to have hurt a blood vessel in his mouth.

Deserved Winner

Nova was a deserved winner. He weathered an early bad spell and was much better in the later rounds.

Mike Jacobs confirmed that Nova would now meet the winner of the fight between Joe Louis and Tony Galento for the title in September.

Nova said he had never seen a man take so much punishment. Baer said he could not breathe with his mouth cut open from the second round.

Baer left the ring with his mouth stuffed with cotton wool amid cheers.

WIDE POWERS FOR SUPPLY MINISTRY

LONDON, June 2 (Reuter)—The wide powers accorded the Ministry of Supply which were outlined by Mr. Neville Chamberlain on April 20, are explained in detail in a White Paper, which adds that certain War Office functions carried out on an agency basis for the Admiralty and Air Ministry Civil Departments will also be transferred to the Ministry of Supply.

BASEBALL NOTES

(Continued from Page 2)

services of Pau Ka Ping and Fung King Cheung who have gone on a football tour, but have acquired several useful newcomers in Chang Hong Yung, Wong Yew Chung and Ho Hin Shing.

Without Pau, it is extremely doubtful if C. C. Lee will be able to hold the hardhitting champions although George Wu should be quite adequate at Pan's Windy Alley position.

Earl Wong will be back on the mound for the Chinese Baseballers whose mental nine should have little difficulty in taking the honours in the Chinese Derby match.

Mindanao vs. Recreo

The nightcap between the U.S.S. Mindanao and Recreo should prove to be the closest battle of the week. Although the Portuguese boys have shown very disappointing form in their previous outings, they invariably play a better brand of ball when opposed to a stronger team, and should put up a grand fight, providing, of course, Spotty Pereira has his slants and benders in good working order.

The Mindanao's answer to Spotty will be "Crooner" Ruel, to whom the enforced layoff of the past fortnight has been a godsend.

Even if he falls short of his previous excellent hurling performance against the Chinese, Pilot "Big" Douglas is, as he has every reason to be, supremely confident that the superior stickwork of Charlie Horton, "Painpot" Thomas, and his other slugging sailors will put Mindanao on the long end of the final score.

teated Essex at Chelmsford by two wickets.
Essex: 158 (Constantine 7 for 42) and 194 (Constantine 6 for 49).
West Indies: 219 (Headley 116 not out) and 124 for 8.
